

# SAFE CHOICE RIGHT CHOICE

I'm making the **CHOICE** to work **SAFELY** in the lead up to Christmas because...

I want to spend time with my wife and two boys enjoying the outdoors during the summer period. I am also looking forward to hopefully seeing Collingwood go one better in 2019!

This is the first time KAEFER Australia has rolled out nationally a holiday safety campaign as one team and I really want to make sure that we all remain focused during the lead up to the holiday period and that we all continue to make the SAFE CHOICE so we can enjoy family and friends and the things we love to do in the future

*APAC Managing Director - Victor Bogos*
